Stream Oil & Gas Announces Q1 2010 Financial Results and Updated Corporate Presentation

VANCOUVER, April 30, 2010- Stream Oil & Gas Ltd. (TSX-V: SKO) (the "Company") is pleased to announce financial results for its first quarter ended February 28, 2010:

Selected Summary Financial Information

	Three months ended February 28, 2010
	\$ US
Oil & gas revenue (net royalties)	1,281,829
Net operating income	820,047
Earnings	20,175
Earnings per share	0.00
Additions to property, plant and equipment	842,792

Cash flow and Working Capital

Total working capital as of the end of the first quarter was \$1.4 million and is currently about \$1.1 million. The Company continues to maintain positive operating cash flow from oil sales to several local customers who pay in advance. The average price per barrel of crude oil during the quarter was \$38.70.

Management has developed plans for oil exports which are allowed under the Company's Petroleum Agreements. Exports will begin as soon as volumes permit optimum export sales contracts.

All gas production was delivered to Albpetrol to fulfill pre-existing production (PEP) obligations under the Petroleum Agreements. The significant increase in revenues in the first quarter compared to 2009 was

mainly the result of these gas sales. The local price per mcf of gas was approximately \$14 mcf in Q1 2010 and the condensate price was \$47/bbl.

Capital Expenditures

The Company spent \$842,792 on capital expenditures in the first quarter ended February 28, 2010. The net proceeds of \$3.2 million from the non-brokered private placement completed on January 4, 2010, along with cash flow from operations, continues to be deployed on workovers and reactivations.
